(D)	\$2,400	greater than 15,001 acres

This application fee is established pursuant to Section 3402(b) of the Fish and Game Code. Payment of the application fee does not constitute acceptance into the program. The Private Wildlife Management Area license shall be valid for five years during the period from July 1 through June 30, and subject to annual review and renewal by the Commission. The application fee covers the initial five-year license period. A fee shall be submitted, based on the size of the area, with the license renewal application at the beginning of each subsequent five year period. This license shall be in place of any other license that may be required of private landowners by the Fish and Game Code or regulations made pursuant thereto. This section shall not, however, be construed to exempt anyone from any requirement pertaining to hunting and sport fishing licenses and stamps.

The department will screen each application for compliance with these regulations. Applications that do not provide the information required, will be rejected and returned to the applicant. (5) Issuance of Area License: Upon approval of the general management plan, the department, with approval of the Commission, shall issue a license for the taking of any fish, game bird or mammal in said Private Wildlife Management Area pursuant to the regulations of the Commission and the terms and conditions of the permit, which may supersede Fish and Game Code Section 331(a) and (b) as it pertains to resident hunters and license tag fees for antelope, Section 332(b) and (c) as it pertains to resident hunters and license tag fees for elk, and sections 457-459, related to antlerless and either sex deer.

(A) During the initial license year, the take of antelope or elk, will not be authorized, nor shall deer be taken except during the general open season, consistent with the bag and possession limits for the deer hunting zone in which the Area is located, unless otherwise stipulated by the Fish and Game Commission. This provision does not apply to renewed licenses provided that the Private Wildlife Management Area has been continuously licensed in the Private Lands Wildlife Habitat Enhancement and Management Program. Upon satisfactory completion of the first year management actions identified in the plan for the Private Wildlife Management Area, the Commission may authorize seasons and bag limits which differ from those established for the general seasons. Hunting must be consistent with the management plans prepared for that area or herd and should not result in an overall negative effect on the species population or herd being hunted as determined by the department.

(6) Annual Review: Annual renewal applications must be submitted to the department no later than March 1. The annual renewal application shall contain a summary of habitat enhancement and management activities, harvest, and full payment of fees for the preceding year. The department shall review each plan to determine that the licensee has fulfilled the obligations as prescribed in the management plan. The annual review shall evaluate the following:

Hunting permittees shall only take or possess those species and number of each species as specified by their hunting tags or seals as approved in the management plan. This does not apply to species not included in the management plan which may only be taken in accordance with the provisions of Part 2, Chapters 1-7, and 9 of these regulations and sections 4331 and 4332 of the Fish and Game Code. Hunting permittees while on the Private Wildlife Management Area shall be subject to all terms and conditions of the license.

(2) Tag and Seal Procedures:

(A) The department shall furnish each licensee with the appropriate tags or seals required by each management plan. With landowner approval and payment of the additional tag or seal fees, tags or seals issued by the licensee may be exchanged for a tag or seal for the same species for use on any other licensed Private Wildlife Management Area for the take of the same species.

(B) Any deer hunter who has been issued a deer tag or deer tag application by the department and wishes to hunt on a Private Wildlife Management Area shall exchange an unfilled public tag(s) or tag application(s) of the current license year for a Private Wildlife Management Area deer tag(s). These tags can only be used on a Private Wildlife Management Area. In no event shall any hunting permittee take more than two deer each year anywhere in California on either public or private lands. No person shall take more than one buck deer in the X-zones, as defined in Section 360(b), Title 14, CCR.

No hunter shall exchange a Private Wildlife Management Area pronghorn antelope tag for a public tag.

(D) Immediately upon killing any animal under the authority of the tag issued to them by the licensee, the hunter shall completely fill out the tag and attach it to the antler or horn of the male animal or to the ear of the female animal. Prior to transporting the carcass from the Private Wildlife Management Area, the hunter shall surrender the report card portion of the tag to the licensee or their designee. The hunter shall have the license tag validated pursuant to the provisions of Section 4341 of the Fish and Game Code and Section 708(a)(8), Title 14, CCR. The completed report card portion of the deer tag or any other species tag shall be returned to the department by the licensee on or before January 1. The license tag shall remain with the animal pursuant to sections 708(a)(3), 708(c)(4), 708(d)(4), Title 14, CCR.

(3) Tag and Seal Fees: The licensee shall pay the department the following fees for each tag and seal authorized annually:

Posting shall be completed no later than fourteen days prior to hunting within either the Area or adjacent public deer hunting zone, and maintained for the life of the license. Posting shall ensure that all boundaries are clearly marked and that no public access roads or areas appear to be closed.

(2) Records: The licensee shall maintain accurate records of all tags and seals and make such records available to the department upon request. The licensee shall provide the department with the location of where records will be kept and available for inspection. Each licensee shall pay for all the previous year's authorized tags and seals by March 1. In the event a licensee fails to remit all fees by March 1, the department may require full payment of all tags and seals prior to the next license year. Tag and seal fees which have not been paid in full by March 1 will be subject to a 10% late payment fee.
